

## Paper Size Validation

1. Before printing, set page scaling to “None” on your printer’s settings.
2. Once printed, measure the bar below with a ruler ensuring it is exactly 6 inches in length.

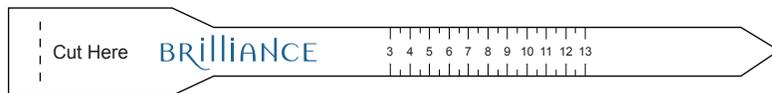

## A. Measure Ring Size of Your Own Ring

1. Use a ring that is properly sized for the intended finger.
2. Place the current ring over the circles below and match the inside of the ring to the circle of the closest size.
3. When a ring is between two sizes, order a quarter size in between those two sizes.  
For example, if your ring measures between a Size 5 and a Size 5.5, order a Size 5.25.

## B. Measure Finger Size With Cutout Sizer

1. Use a scissors and carefully cut out the Finger Sizer. Make a small slit where it says “Cut Here”.
2. Wrap the Sizer around the intended finger.
3. Put the right end of the Sizer through the slit opening with the numbers facing outwards.
4. Pull the Sizer tightly around your finger until it is snug.
5. The number that is aligned with the opening of the slit is your accurate finger size.

## Expert Guidance

Brilliance diamond and jewelry experts can assist you with any questions or concerns you might have. Please call 1-866-737-0754 or email [customerservice@brilliance.com](mailto:customerservice@brilliance.com) for guidance and advice.
